

WP3 THEMATIC WORKING GROUPS

TWG3 : EARTH SCIENCE, SPACE AND UNIVERSE SCIENCE

Focus on sustainable development and main global challenges

Sub-coordinator :
Eng. Pedro Silva (Azores Portugal)
 AIR Centre ESA_Lab@Azores Earth
 Observation Director

Ambition : Keep the members engaged by solely appealing to a common recognition of the importance and advantages of participating in the TWG

IMPLEMENTATION OF RELEVANT TOOLS

- 1 Implement a **guide of activities** with the goal of engaging the TWG3 Members in the implementation of this common action plan.
- 2 **Specific actions in 3 main lines :**
 1. **Create a guide of activities** to ensure the TWG3 Members full involvement on this common action plan implementation.
 2. **Foster the ORs Strategic position by the definition of a common agenda**, including priorities and interest to coordinate the ORs representation in the European Commissions.
 3. **Build capacity by stimulating OR organizations** to carry out projects and intensify their networking efforts in areas based on existing resources.

INCREASE ORS INTEGRATION INTO THE EUROPEAN RESEARCH AREA

- **Accessing the possibility of a Brussels representation of the OR'S** to aggregate the technical/scientific needs and capacities of the region to the EC
- **Regular communication via mailing list** with monthly info of Horizon Europe opportunities

- 1 **Identification of EU programs and calls and events, promoting the creation of new consortiums;**
- 2 **Identification of proposal writing training opportunities;**
- 3 **Promoting Islands as Living Labs, enabling the developing new products, services and innovation;**

PERSPECTIVE OF LONG TERM COOPERATION

- **Contribute to reach main global challenges: climate change, digital transformation and population dynamics**
- **Explore ORs strengths** ; geographic location, recognition as living labs, operational monitoring infrastructures, qualified human resource, proximity between Public and Private I&D sector
- **Join and create new efforts through ORs scientific collaborations**
